Elite Steam Humidifiers

Home Comfort Features

- Multiple Installation Options
Duct Mount – Room Mount – Remote Mount
- 120V and 240V options
- Self contained immersed electrode design
- Disposable steam generating cylinder
- High water level and foam detection monitoring
- Drain Tempering
- Capacities from 5.5 lbs / hr to 7 lbs/hr
- 20% adjustable capacity from rated max output
- Integrated AHU fan relay for on demand humidification
- LCD display with numerical and icon driven menu
- Constant control monitoring and diagnostics
- Pure sterile steam delivering premium indoor air quality
- E2 Digital Automatic Humidistat

GeneralAire Elite Steam Humidifier is an investment that pays dividends Everyday

We all have an investment in our health, homes and its furnishings. Protecting those investments from the dry air may not seem like an important task, but the effects of dry air are astounding

- Dry nose and throat
- Itchy dry skin
- Cracking of expensive woodwork and floors
- Damage to household furnishings
- Static electricity shocks that can damage computers, VCRs and other electronic equipment
- Dry air pulls moisture from delicate membranes in your nose, throat and lungs and food doesn't taste as good
- Sleeping becomes difficult and your mental concentration is affected

Elegant Styling designed to deliver precise humidification comfort.

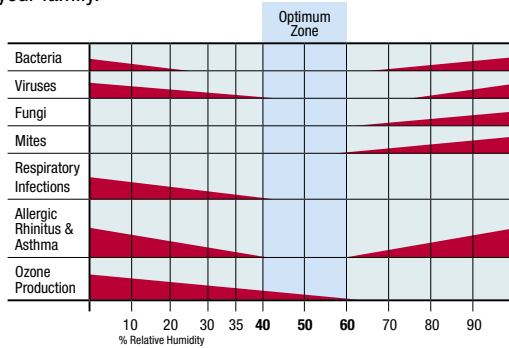

Dry air is like a sponge,
it soaks up moisture from wherever it can find it.

When air becomes too dry, moisture is drawn from people, plants, wood, wool, cotton and even your pets. The results can be damaging, expensive and uncomfortable.

Humidity For Comfort

Research has shown that 35% to 60% relative humidity is ideal for today's homes.

Outside this range, bacteria, fungi, viruses and mites thrive. Proper relative humidity provides a comfortable environment for your woodwork, your furniture, your plants, your pets and especially you and your family.

Humidity Can Save Money Too!

As moisture evaporates from your body, it cools the surface of your skin, making you feel cooler. Controlled humidity from GENERALAire's Elite Steam Humidifier allows you the luxury of dialing the thermostat back, thus reducing annual heating bills. For example, 68°F at 40% relative humidity feels just as warm as 74°F at 20% relative humidity. Setting your thermostat back by as little as three degrees can reduce annual heating bills by as much as 5%.

How much Humidity is right?

Calculate the total cubic feet of house

- Total square footage X Average ceiling height)

Calculate the Load (lbs/hr)

- Total cubic feet X Table desired condition
- Gallons per day = Load (lbs/hr) X 2.88
- Add 5% to humidity load per fireplace

**Pounds of Moisture per Cubic Foot
(based on .5 air changes per hour)**

Indoor Air Temp °F	Indoor RH%			
	35%	40%	45%	50%
68	0.00015	0.00018	0.00021	0.00024
70	0.00017	0.00020	0.00023	0.00026
72	0.00019	0.00022	0.00025	0.00028

Elite Accessories

E2 Automatic Digital Humidistat that features a manual or automatic mode with an outdoor sensor for temperature compensating control is included.

RS20A/RS15 Models

- Includes:**
Integral Room Steam Blower
E2 Humidistat
Water Fill Connector
Saddle Valve
Water Supply Tubing Kit

RMB15 Remote Blower Kit

- Optional Selection for DS15**
Includes:
12 ft Steam Hose, E2 Humidistat, Saddle Valve, Condensate Hose, Water Fill Connector, Water Supply Tubing, and Thru-the-Wall Sleeve with 120V Blower & Grille Pkg.

DMNKIT Duct Mount Kit

- Option Selection for DS20A & DS15**
Includes:
8 ft Steam Hose, Nozzle, E2 Humidistat, Saddle Valve, Water Fill Connector, Condensate Hose Water supply Tubing, Air Proving Pressure Switch.

RMB35 Remote Blower Kit

- Optional Selection for DS20A**
Includes:
12 ft Steam Hose, E2 Humidistat, Saddle Valve, Condensate Hose, Water Fill Connector, Water Supply Tubing, and Thru-the-Wall Sleeve with 240V Blower & Grille Pkg.
